## LAND OF MYSTERY AND MARVELS

Last week I receive a question on our FaceBook page and answered it there, but it was soooo good, I'm going to share it here: "Can I pet the animals?" My answer? "Are you CRAZY?!?! They're WILD! The only animals we'll "pet" will

be the giraffes at the Giraffe Centre. We'll also be able to hand feed them and be amazed by their size and how gentle they are taking that food from your hand! Just be ready to let them have it. Their tongues are VERY long and if you aren't close enough, they may just use a

tongue to "track you down"! LOL!!!

Ok, guys! Deposits will be due the beginning of next month, so let me know NOW that you'll be joining us! The cost of \$3,395.00 USD per person. (There are 2 singles available at an additional cost of \$175.00 USD total.) This includes everything except souvenirs, booze, spa treatments, Tips to our guides (at the end of the trek), and airfare. At this time, airfare has been estimated at approximately \$800.00 USD depending on where you're leaving from. ... I hate the thought of having to cancel this trek due to lack of participation, so all of you who begged me to do another trek, let's hear from you!!! :->)

<<<< Will this be us??? They tend to ignore the tourists so you can get wonderful photos! MAYBE we'll even be "charged" by an adolescent showing off for the herd! They usually back down way before it's a problem, but still exciting to see!

Once we have a headcount, I will send along packing suggestions, etc, but for now you should make sure your passport is valid as is your Covid Certificate. No, you won't need a ton of shots!!! Just a malaria pill which we'll discuss later ... it's only a precaution.

Ok, I said we can't pet the animals, but I had to put this in. Anyone who knows me, knows I LOVE animals and was very fortunate to "wrangle" 5-1/2 week old Simba for an event we did in New York. No, he's not biting, just giving me a dermabrasion session!!! LOL!!!

The end of another beautiful day in Kenya ... come join us and experience this for yourself!

Keep sending your questions to [info@RevengeTrek.com](mailto:info@RevengeTrek.com) and I'll get you answers!
